

WHO WE ARE

Over the past **14 YEARS**, we have raised over **\$2 MILLION** to support programs for **YOUR** students. Our fundraising goal for the year is **\$250,000**—largest number to-date! We need your help as we impact all FHSD students.

WHAT #WEWILL DO

It is clear in today's environment, tax revenue and state funding cannot provide everything needed for a world-class educational district. Raising additional private funding is needed now more than ever.

#WEWILL commit to listening, providing access with innovative initiatives and allowing our students to have fun and be creative through experiential programs. To help raise additional funds we host two signature events each year – Fall Soiree and the Forest Hills 5K in May.

Student Health & Wellness

1) Child Focus Therapist

Eliminate the wait for kids to meet with a professional therapist as they identify and treat mental health issues as early as possible. The critical tasks of mental health services include promoting healthy relationships, improving behavioral and emotional functioning, thus drastically increasing the likelihood of success in life.

500+ students impacted through Child Focus

2) Student Connection Assessments

Gathering feedback from students is very important as the district continues to provide an exceptional learning environment.

As a community, it's important for us to hear from our students and the Foundation is proud to support a tool where "their voices" can be heard.

These research-based assessments will be conducted 2-3 times a year which allows the school district to create data driven programs and resources for continued support.

Access & Innovation

1) College and Career Prep Classes

We support and facilitate classes to prepare high school students for job interviews and college entrance, along with college essay writing.

300+ students have participated

2) Nagel After-School Enrichment & Bus Transportation

FHFE provides after-school tutoring and enrichment opportunities for all Nagel students. We pay for the teachers' stipends, the cost of the buses to transport ALL students home as well as the students who participate in after-school clubs (Nagel NEXT).

1,400+ Nagel students impacted

3) Teacher Grants—Invest in the staff for student development

FHFE funds educational grant requests from Forest Hills teachers and staff that reach students across the district in multiple classrooms and multiple schools. The goal is that the students have access to exceptional learning tools no matter which school you attend.

70 teacher grants awarded

Experiential Programs

1) Destination Imagination

DI is a creative, team-focused, STEAM (science, technology, engineering, arts and math) competition in which students learn critical thinking and group problem solving skills.

500+ Elementary & Middle-School Students have participated

2 FHSD teams sent to global competition

2) E-Sports

Through a team-based gaming environment, students will build new relationships and explore future careers, such as but not limited to: graphic design, computing, commentating, broadcasting, and audio/visual. E-sports is currently offered at both high schools with focus to bring this program to Nagel.

2021 Ohio State Champions, FHSD team

90% of students reported FH E-sports had a positive impact on their social life

3) Robotics Club

FHFE funds Robotics Teams at both high schools where students can bring all their STEM classroom learning together in real world application and compete at a state and national level.

2019-2020 Anderson—1st place BeaverCreek invitational

WHY WE DO IT

For the Kids

- They matter and are our future
- Deserve an excellent education no matter which school they attend

For the FHSD

- Supplemental long-term funding to build for the future and ensure continued excellence
- Provide opportunities beyond the day-to-day

For the Community

- Provide a way for the community and schools to connect
- Helps keep our community strong
